ECO TIP

Greening your home this Autumn. Tackle climate change and reduce your heating bills by finding and reducing the draughts in your home. Find the gaps that let cold air in and warm air out (keyholes, letterboxes and gaps around windows, doors, loft hatches and floorboards for example). Do what you can to fix these gaps - there are lots of tutorials on how to do this online. It's also a good time to prepare for winter by putting radiator reflector foil or baking foil behind the radiator. This will reflect heat back into your room.

FAIRTRADE FORTNIGHT
21 SEPTEMBER - 4 OCTOBER

Over these two weeks, give thought to the vital role ethical shopping plays in supporting smallholder farmers and workers battling volatile market prices and the intensifying climate crisis. By making the simple switch to certified products like coffee, cocoa, and bananas, you ensure that farming communities receive fair wages, safer working conditions, and the economic stability needed to build a sustainable future.
Get Involved: Find local events, download promotional toolkits, or learn how to host your own ethical coffee morning by visiting the official Fairtrade Fortnight Campaign Hub. www.fairtrade.org.uk

Please email pewsnews@hullandchurches.org.uk if you have any items to go in the Pews News, you have any amendments to the prayer list or you would like to go on the email circulation list.
